**SECTION 63.71 APPLICATION OF CINCINNATI BELL TELEPHONE  
COMPANY, LLC TO DISCONTINUE THE PROVISION OF SERVICE**

Cincinnati Bell Telephone Company, LLC (CBT) hereby submits the Application for Authority under Section 214(a) of the Communications Act and Section 63.71 of the Commission's rules to withdraw ISDN-Basic Rate Interface (ISDN-BRI) Service and ISDN-BRI Measured Service in CBT's Fairfield, Ohio and Bethel, Ohio wire centers. ISDN-BRI Service and ISDN-BRI Measured Service are found in CBT's Non-Residence Service Agreement Local Telephone Services Section 9.

As required by Sections 63.71(a) and (b) of the Commission's rules, CBT provides the following information:

**1. Name and Address of Carrier (47 C.F.R. §§ 63.71(a)(1), (b)(2)):**

Cincinnati Bell Telephone Company LLC  
221 East Fourth Street  
Cincinnati, Ohio 45202

**2. Date of Planned Service Discontinuance (47 C.F.R. §§ 63.71(a)(2), (b)(2)):**

Subject to the Commission's authorization to discontinue service pursuant to Section 63.71(c) of the Commission's rules, 47 C.F.R. §§ 63.71(c), the ISDN-BRI Service

and ISDN-BRI Measured Service contained in CBT's Non-Residence Service Agreement Local Telephone Services Section 9 will no longer be offered in the Fairfield, Ohio and Bethel, Ohio wire centers effective February 1, 2015.

**3. Points of Geographic Areas of Service Affected (47 C.F.R. §§ 63.71(a)(3), (b)(2)):**

ISDN-BRI Service and ISDN-BRI Measured Service will be no longer offered in the Fairfield, Ohio and Bethel, Ohio wire centers within CBT's service area.

**4. Brief Description of Type of Service Affected. (47 C.F.R. §§ 63.71(a)(4), (b)(2)):**

ISDN-BRI Service and ISDN-BRI Measured Service ISDN BRI Service are digital local exchange services that provide a Customer with the ability to transmit circuit switched voice, circuit switched data, and packet switched data simultaneously over a single access line. Local circuit switched calling can be purchased as flat rate or measured rate service.

There are currently fewer than 5 customers for CBT's ISDN-BRI Service and ISDN-BRI Measured Service in the Fairfield, Ohio and Bethel, Ohio wire centers. ISDN-BRI Service and ISDN-BRI Measured Services are declining as customers move to faster Ethernet-based services. Because of the small number of customers, the public convenience and necessity will not be impaired by this proposed service discontinuance.

**5. Brief Description of the Dates and Methods of Notice to all Affected Customers (47 C.F.R. §§ 63.71 (b)(3)):**

CBT notified customers of the discontinuance of ISDN-BRI Service and ISDN-BRI Measured Service in the Fairfield, Ohio and Bethel, Ohio Central Offices by letter sent via U.S. mail on September 4, 2014. Copies of the customer notification letter is appended

hereto as Attachment A. The letter informs affected customers that, with the required Commission approval, CBT plans to discontinue ISDN-BRI Service and ISDN-BRI Measured Service as of February 1, 2015.

Copies of this Application are being sent via first class U. S. Mail to the Governor of Ohio, the Public Utilities Commission of Ohio and the Special Assistant for Telecommunications to the Secretary of Defense, as required by Section 63.71 (a) of the Commission's rules.

**6. Regulatory Classification of Carrier (47 C.F.R. §§ 63.71 (b)(4)):**

CBT is considered dominant with respect to the services to be discontinued.

**CONCLUSION**

CBT Respectfully requests that the Commission approve this Application.

Respectfully Submitted,

### **Re: Integrated Services Digital Network (ISDN/BRI)**

Dear Cincinnati Bell Business Customer:

For more than 140 years, Cincinnati Bell has been delivering high performance, reliable business communications services. In order to continue building on our rich heritage of innovation and deliver services that customers are demanding, we are accelerating our investment in the network. We are proud to say that no other service provider in the region is investing in their network like Cincinnati Bell.

The majority of our network investment is focused on expanding the reach of our fiber optic network, so that we can meet the need for high speed Internet and other services that traditional copper lines cannot support. At the same time, we are also removing equipment from the network that no longer meets our standards for reliability and performance.

Your company is currently purchasing Integrated Services Digital Network ("ISDN/BRI") service from Cincinnati Bell, which is a product that has reached the end of its useful life. Please consider this letter to be Cincinnati Bell's formal notice that, subject to the approval of the Federal Communications Commission ("FCC"), Cincinnati Bell Telephone Company LLC ("CBT") plans to withdraw its ISDN Service within the Bethel and Fairfield wire centers on or after February 1, 2015.

If you also subscribe to other services from CBT, those services will NOT be impacted by the anticipated withdrawal of the ISDN Service.

We understand that making changes that impact the services you purchase from Cincinnati Bell is an inconvenience. To ensure a smooth transition to an alternative product that will provide you with a better experience that is based on current technology, your Cincinnati Bell Account Manager will be contacting you shortly to schedule a meeting to review your communications requirements.

Cincinnati Bell is dedicated to providing the finest business communications services and customer care available, and we look forward to working with you to meet your needs. If you wish to contact me, please do so at the email provided below.

Sincerely,

Michael Herrmann  
Vice President, Product Management
